To Whom It May Concern

Juno is pleased to formally recommend **Maaz Ahmad** for their outstanding service as a **Campus Ambassador at Juno**, a student-led fashion and commerce technology platform focused on redefining how Gen Z discovers and shops for clothing.

During their tenure as a Campus Ambassador, **Maaz** demonstrated exceptional leadership, initiative, and a strong sense of responsibility. They played a key role in building Juno's presence on campus by driving student engagement, leading outreach efforts, organizing promotional activities, and acting as a bridge between the student community and the Juno core team.

This recommendation recognizes **Maaz's** commitment, professionalism, and ability to execute independently while working collaboratively within a fast paced startup environment. Their efforts contributed meaningfully to user acquisition, brand awareness, and community building, reflecting qualities essential for leadership and impact driven roles.

Juno's Campus Ambassador program is highly selective and demands consistency, communication skills, and a results oriented mindset. **Maaz** met and exceeded these expectations, showing maturity, accountability, and a genuine passion for innovation and youth led initiatives.

We confidently recommend **Maaz** for academic, professional, or leadership opportunities and believe they will continue to make a positive impact wherever they contribute.

Warm regards,

Omer Ali Malik
